OCCUPATIONAL THERAPIST (OT) PERSON SPECIFICATION & JOB DESCRIPTION

OT GENERAL PRACTICE SPECIALIST ASSOCIATE (GPSA) JOB SUMMARY

The OT GPSA will act autonomously within their professional scope of practice through the delivery of bespoke advice to the clients of General Practice Solutions (GPS). Depending on the GPS services commissioned, OT GPSAs may also be required to care for the service users face to face, via telephone consultations and/or undertake video consults.

The OT GPSA will use their skills, knowledge, and competencies as a qualified Physiotherapist to be responsible and accountable for mentoring GPS clients on the management of service user caseloads for treatments and referrals. The OT GPSA may also be required to simultaneously apply the same standards for the direct care of service users depending on the GPS services commissioned.

The OT GPSA will be required work on a group and individual basis with people of all ages.

The OT GPSA will provide intervention for presenting service users from initial clinical assessment, diagnosis, treatment, and evaluation of their care within set service user groups. They will demonstrate safe, clinical decision-making and expert care for patients of the client provider alongside a strong understanding of risk assessments. They will work collaboratively with the multi-disciplinary teams (MDTs) to meet the needs of service users and carers, support the delivery of policy and procedures, and provide occupational therapy leadership as required.

|------------------------|--------------|--------------|
| UK Driving Licence. | | \checkmark |

MAIN RESPONSIBILITIES

- Assess, plan, implement, and evaluate treatment plans, with an aim to increase patients' productivity and self-care.
- Work with patients through a shared-decision making approach to plan realistic, outcomes-focused goals.
- Undertake both verbal and non-verbal communication methods to address the needs of patients that have communication difficulties.
- Work in partnership with multi-disciplinary team colleagues, physiotherapists, and social workers, alongside the patients' families, teachers, carers, and employers in treatment planning to aid rehabilitation.
- Where appropriate, support the development of discharge and contingency plans with relevant professionals to arrange on-going care in residential, care home, hospital, and community settings.
- Periodically review, evaluate, and change rehabilitation programmes to rebuild lost skills and restore confidence.
- As required, advise on home, school, and workplace environmental alterations, such as adjustments for wheelchair access, technological needs, and ergonomic support.
- Advise patients, and their families or carers, on specialist equipment and organisations that can help with daily activities.
- Help patients to adapt to and manage their physical and mental health long-term conditions, through the teaching of coping strategies.
- Develop, implement and evaluate a seamless occupational therapy support service for the GPS client within community and secondary care where appropriate, and aimed at continuously improving standards of patient care and wider MDT working.
- Manage a highly complex and specialist caseload independently, working as an independent practitioner to plan and carry out assessment and treatment, demonstrating autonomous clinical judgments where expert opinion differs due to an ambiguous or absent evidence base.
- Take the lead in standard setting for occupational therapy practice in general practice as designated.
- Maintain an up-to-date knowledge of self-management advice, specialist equipment, environmental adaptation, technology, and legislative responsibilities which may support increased function and/or management (for onward referral / request to secondary care).
- Develop and design patient and carer information, including advice to support management of conditions.
- Formulate and apply relevant occupational analysis to the individual, their activities, and their environment.
- Provide education and specialist expertise to client provider staff, raising awareness of good practice occupational therapy techniques.
- Ensure delivery of best practice in clinical practice, caseload management, education, research, and audit, to achieve local population objectives.

ADMINISTRATION

- Contributes and participates in audits, evaluation, and clinical standard setting within the GPS client provider.
- Accurate and timely summarising of clinical records and read-coding data.

- Complete all required paperwork for legal and administrative purposes in accordance with relevant standards.
- Ensure that all client provider / GPS policies are fully implemented.
- Work in accordance with all governance and internal systems relating to (but not limited to) the management of clinical data and systems.

TRAINING AND DEVELOPMENT

- Taking responsibility for own development with relevant evidence-based knowledge and competence in all aspects of the role to meet clinical governance guidelines for Continuing Professional Development (CPD) and a Personal Development Plan (PDP).
- Stay up to date through attendance at any courses and/or study days necessary to ensure that professional development requirements are met, demonstrating skills and activities to others who are undertaking similar work.
- Subject to a performance review, including taking responsibility for maintaining a record of own personal and/or professional development.
- Work closely with other clinical workers and administrative managers in the setting up and/or improving of practice systems for monitoring/measuring performance against Clinical Governance and Quality Indicator targets.
- Work to deliver the NHS contract requirements related to the client provider (including the terms of the Quality and Outcomes Framework and locally enhanced services)

ADMINISTRATION AND PROFESSIONAL RESPONSIBILITIES

- Produce accurate, contemporaneous, and complete records of consultation, consistent with legislation, policies, and procedures.
- Participate in the administrative and professional responsibilities of the team.
- Accurate and legible notes of all consultations and treatments are recorded in the patient's notes.
- Ensure clinical systems kept up to date, recording and/or amending accurate details.
- Ensure appropriate items of service claims are made accurately, reporting any problems to a manager.
- Ensure accurate completion of all necessary documentation associated with health care and registration with the client provider.
- Attend and participate meetings as per the GPS mobilisation brief.
- Restocking and maintenance of clinical areas and consulting rooms.
- Attend GPS mobilisation meetings.

TRAINING AND PERSONAL DEVELOPMENT

- Maintain up to date skills and knowledge, maintaining awareness of professional issues at an advanced level.
- Training needs will be monitored by yearly appraisal and will be in accordance with GPS requirements. Personal development will be encouraged and supported by GPS.
- Assess effectiveness of care delivery through self-reflection and peer review, as well as benchmarking and formal evaluation.
- Contribute to the identification and assessment of learning needs of workers and other professionals and assist in planning effective programmes of education.
- Act as a mentor for GPS clients as per the GPS mobilisation brief.

- Taking responsibility for own development, learning and performance and demonstrating skills and activities to others who are undertaking similar work and ensure own educational commitment is at least sufficient to maintain revalidation requirements.
- Develop and maintain a Personal Learning Plan.
- Regularly participate in clinical supervision.

LEADERSHIP - PERSONAL AND PEOPLE DEVELOPMENT

- Act as a clinical leader on behalf of GPS in the delivery of services ensuring that the needs of the service user are a priority.
- Support worker development in order to maximise potential.
- Actively promote the workplace as a learning environment, encouraging everyone to learn from each other and from external good practice.
- Critically evaluate and review innovations and developments that are relevant to the area of work.
- Take part in recruitment processes where appropriate.
- Maintain effective communication and active involvement in the planning and processes of practice-based commissioning or similar initiatives.
- Promote the role of Dietitians in general practice.

CONFIDENTIALITY

In the course of seeking treatment, service users entrust professionals with, or allow them to gather, sensitive information in relation to their health and other matters.

- The OT GPSA will comply with Legislation with regards to data protection act and ensure confidentiality is always maintained.
- The OT GPSA must regard all information relating to service users and their carers, and other healthcare workers (as well as information relating to the client provider / GPS as a business organisation) as strictly confidential.
- Information relating to service users, carers, colleagues, other healthcare workers or the business of the client provider / GPS may only be divulged to authorised persons in accordance with the GPS policies and procedures relating to confidentiality, data protection legislation and the protection of personal and sensitive data, as well as other related healthcare legislation (e.g. the NHS Confidentiality Code of Practice).

HEALTH & SAFETY

The OT GPSA will comply with policies, procedures and clinical guidelines for oneself and others. This includes but not limited to:

- Identifying, reporting, and correcting health and safety hazards and infection hazards immediately when recognised.
- Identifying issues and hazards / risks in relation to other work areas within the business.
- Awareness of national standards of infection control and cleanliness, as well as ownership of infection control and clinically based patient care protocols and implementing them across the client provider.
- Active observation of current working practices across the practice in relation to infection control, cleanliness, and related activities, ensuring that procedures are followed, and weaknesses / training needs are identified, escalating issues as appropriate.

- Identifying the risks involved in work activities, raising them with appropriate management and managing those risks across clinical processes.
- Safe management of sharps procedures, including training, use, storage, and disposal.
- Keeping own work areas and general / service user areas are generally clean, sterile, assuming responsibility in the maintenance of general standards of cleanliness across the business in consultation (where appropriate) with other managers.
- Demonstrate due regard for safeguarding and promoting the welfare of children.
- Routine management of own team / team areas, and maintenance of workspace standards:
 - Waste management, including collection, handling, segregation, container management, storage, and collection.
 - o Spillage control procedures, management, and training.
 - O Decontamination control procedures, management and training, and equipment maintenance.

EQUALITY AND DIVERSITY

The OT GPSA will support the equality, diversity and rights of service users, carers and colleagues, to include:

- Acting in a way that recognizes the importance of people's rights, interpreting them in a way that is consistent with GPS procedures and policies, and current legislation.
- Respecting the privacy, dignity, needs and beliefs of patients, carers and colleagues.
- Identify patterns of discrimination and take action to overcome this and promote diversity and equality of opportunity.
- Behaving in a manner that is welcoming to and of the individual, is non-judgmental and respects their circumstances, feelings priorities and rights.
- Support people who need assistance in exercising their rights.

QUALITY

The OT GPSA will strive to maintain quality and will:

- Alert other team members to issues of quality and risk.
- Assess own performance and take accountability for own actions, either directly or under supervision.
- Contribute to the effectiveness of the team by reflecting on own and team activities and making suggestions on ways to improve and enhance the team's performance.
- Work effectively with individuals in other agencies to meet service user needs.
- Effectively manage own time, workload, and resources.

COMMUNICATION

The OT GPSA should recognize the importance of effective communication within the team and will strive to:

- Communicate effectively with other team members.
- Communicate effectively with service users and carers.

- Recognise people's needs for alternative methods of communication and respond accordingly.
- Ensure awareness of sources of support and guidance (e.g. PALS) and provide information in an acceptable format to all service users, recognising any difficulties and referring where appropriate.

CONTRIBUTION TO THE IMPLEMENTATION OF SERVICES:

The OT GPSA will:

- Apply policies, standards, and guidance.
- Discuss with other members of the team how the policies, standards and guidelines will affect own work.
- Participate in audit where appropriate.
