## Advanced Nurse Practitioner GPS Associate

Job Title: Advanced Nurse Practitioner.  
Location: National. (various locations available across the UK)  
Directorate: Primary Care. (NHS England & the devolved nations)  
Reports to: GPS Flexible Workforce Office. (FWO)

### Job summary.

Are you a highly skilled and motivated nursing professional ready to push the boundaries of clinical practice? We are seeking exceptional advanced nurse practitioners to join our forward-thinking team. In this pivotal role, you will be responsible for providing expert clinical care and leadership across diverse primary care settings. As an advanced nurse practitioner, you will play a crucial role in managing complex patient cases, driving improvements in care quality, and leading innovative clinical practices.

This role offers an unparalleled opportunity to work autonomously at the forefront of patient care, collaborating with multidisciplinary teams to deliver outstanding health outcomes. Your advanced clinical expertise will be essential in shaping the future of primary care, ensuring that patients receive comprehensive, high-quality care tailored to their individual needs.

### Key responsibilities

#### Clinical leadership.

- Conduct advanced assessments, diagnostics, and management of patients with complex and varied health conditions.
- Utilise advanced clinical skills to develop and implement comprehensive care plans, ensuring optimal patient outcomes.

#### Patient care excellence.

- Provide high-level care, including advanced diagnostic and therapeutic interventions, and manage complex cases independently.
- Offer expert advice and support to patients, families, and the wider healthcare team, ensuring a holistic approach to care.

#### Innovation and improvement.

- Lead and participate in quality improvement initiatives, implementing evidence-based practices to enhance service delivery and patient care.
- Drive the development of new clinical protocols and procedures, contributing to the advancement of primary care services.

#### Team collaboration.

- Collaborate closely with GPs, nurses, and other healthcare professionals, fostering a team-based approach to patient care.

- Engage in multidisciplinary team meetings and strategic planning to ensure integrated and effective care delivery.

#### Education and mentoring.

- Mentor and support junior nursing staff and colleagues, providing guidance and sharing expertise to promote professional development.
- Engage in continuous professional development, staying updated with the latest clinical advancements and best practices.

#### Compliance and governance.

- Ensure all clinical activities comply with NHS policies, care quality commission (CQC) standards, and general data protection regulation (GDPR) requirements.
- Maintain accurate and up-to-date patient records, ensuring confidentiality and adherence to regulatory standards.

### Person specification.

#### Qualifications & experience.

- Advanced nurse practitioner qualification or equivalent.
- Master's degree in advanced practice or a relevant clinical field.
- Registration with the nursing and midwifery council (NMC) as a nurse practitioner.

#### Skills and competencies.

- Advanced clinical assessment, diagnostic, and treatment skills.
- Exceptional clinical judgement and decision-making capabilities.
- Proficient in using electronic health record systems for documentation and care coordination

#### Knowledge.

- In-depth knowledge of advanced nursing practice, including current best practices and emerging trends in primary care.
- Comprehensive understanding of NHS policies, clinical guidelines, and legal and ethical frameworks governing healthcare delivery.
- Awareness of public health issues, chronic disease management, and strategies for improving patient care outcomes.
- Familiarity with quality improvement methodologies and their application in clinical settings.
- Understanding of GDPR regulations and their implications for patient care and record-keeping.

#### Personal attributes.

- Strong commitment to patient-centred care and professional integrity.
- Ability to work autonomously and collaboratively within a multidisciplinary team.
- Passionate about advancing nursing practice and contributing to healthcare innovation.

### Why join us?

- Impact.  
Make a real difference in the health and well-being of communities.
- Growth.  
Opportunities for professional development and career progression.
- Flexibility.  
Various work arrangements available to suit your lifestyle.
- Team Spirit.  
Join a supportive and dynamic team dedicated to high-quality patient care.

### Special requirements.

- Flexible working hours.  
Willingness to work flexible hours, including evenings or weekends, to meet patient needs.
- Driving requirements.  
A full driving licence and access to a vehicle may be necessary for conducting home visits or travelling between practice sites.

### Application process.

If you are driven by a passion for patient care and eager to join a forward-thinking team, we invite you to apply. Please submit your application through our website. We offer opportunities across various locations nationwide, with options for remote, hybrid, and in-person work arrangements. This role provides a platform for significant contributions to patient care and professional growth within a supportive and innovative primary healthcare environment.
