Paramedic GPS Associate

Job Title: Paramedic.
Location: National. (various locations available across the UK)
Directorate: Primary Care. (NHS England & the devolved nations)
Reports to: GPS Flexible Workforce Office. (FWO)

Job summary.

Are you a highly skilled paramedic looking for an exhilarating opportunity to make a profound impact on patient care? We are seeking passionate and dynamic paramedics to support GP practices across the UK. In this pivotal role, you will be at the forefront of primary care, using your advanced clinical skills to assess, treat, and manage patients with a wide range of health conditions. As a key member of the healthcare team, you will be instrumental in delivering urgent and emergency care, ensuring timely and effective treatment for patients. This is your chance to work in a stimulating and fast-paced environment, where every day brings new challenges and opportunities to make a real difference in people's lives.

Key responsibilities.

Clinical assessment and management.

- Conduct comprehensive assessments of patients presenting with acute and chronic conditions, utilising advanced clinical reasoning skills.
- Initiate and implement appropriate treatment plans, including medication administration, wound care, and minor injury management.
- Provide expert advice and guidance on urgent and emergency care to patients and colleagues.

Patient care and education.

- Deliver compassionate and high-quality care, ensuring patients receive timely and effective treatment.
- Educate patients and their families about health conditions, self-care strategies, and preventive measures.

Emergency response.

- Respond rapidly and effectively to medical emergencies within the primary care, providing immediate life-saving interventions.
- Coordinate with emergency services and facilitate smooth transitions for patients requiring further care.

Chronic disease management.

- Support patients with chronic conditions, such as asthma, diabetes, and heart disease, by conducting regular reviews and optimizing treatment plans.
- Collaborate with the multidisciplinary team to ensure holistic and integrated care.

Community engagement.

- Participate in public health initiatives, including vaccination programmes and health education campaigns.
- Engage with local communities to promote health awareness and address health disparities.

Team collaboration.

- Work closely with GPs, nurses, healthcare assistants, and other allied health professionals to deliver coordinated and comprehensive care.
- Contribute to case discussions, clinical audits, and quality improvement projects.

Documentation and compliance.

- Maintain accurate and detailed patient records using electronic health systems (e.g., EMIS or SystmOne).
- Ensure compliance with NHS policies, CQC standards, and GDPR regulations.

Continuous professional development. (CPD)

- Pursue ongoing professional development and training to enhance clinical skills and stay abreast of the latest advancements in primary care.
- Engage in reflective practice and seek opportunities for further learning and certification.

Person specification.

Qualifications & experience.

- HCPC registered paramedic with a valid practising certificate.
- Advanced life support (ALS) certification.
- Minimum of two years of experience as a practising paramedic, with exposure to a variety of clinical settings.
- Experience in delivering urgent and emergency care within a primary care environment is desirable.
- Further training or qualifications in primary care, minor injuries, or chronic disease management.

Skills and competencies.

- Exceptional clinical assessment and diagnostic skills.
- Strong communication and interpersonal skills, with the ability to build rapport with patients and colleagues.
- Proficient in using electronic health record systems for accurate documentation.

Knowledge.

- Awareness of public health initiatives and strategies for addressing health inequalities in underserved communities.

Personal attributes.

- Proactive and adaptable, with the ability to thrive in a fast-paced and dynamic environment.
- Compassionate and patient-focused approach to care.
- Strong organisational skills and the ability to manage multiple priorities effectively.
- Commitment to professional integrity and confidentiality.

Why join us?
